### IMPORTANT

It Will Pay You To Read This Brief Message

U. S. PATENT  
NO. 1894506

Accompanying this letter are three lists--1, a Want List; 2, a Lining Out Stock List; and 3, a Special Rose List.

1. WANT LIST: We are in need of the stock listed most of which we desire for immediate shipment. We can also use many items not listed. We would be pleased to have you submit a list of items that you have in surplus and upon which you can make low prices.

2. LINING OUT: Look this list over carefully and act at once! Many items are moving fast and there are only a few left. There is a scarcity of good Lining Out Stock.

3. ROSE LIST: We are pleased to submit this list of fine No. 1 Roses. Our California Roses have been grown under ideal rose conditions, in one of the best rose countries in the United States. There are none better to be had. Our Texas Roses have been grown and taken care of by men who know how. They are the creme of Southern Roses.

SPECIAL NOTE: In general, we prefer to buy from those who patronize us. However, because of rising costs and because of the scarcity of some items of Lining Out Stock, we cannot submit our entire Lining Out Stock List subject to trade.

Let us hear from you both as to what you have to offer and what you wish to buy.

In quoting, please bear in mind that we must buy low enough to resell at wholesale.

Yours respectfully,

C. E. WILSON & CO. INC.
